The article titled **Protective Effect of Indole-3-Carbinol on Sperm Morphometric Alteration in a High-Fat Diet-Induced Obese Rat Model**; *Erciyes Med J* 2021; 43(2): 161–5; DOI: 10.14744/etd.2020.62443 has been retracted due to the realization that the ethical approval document obtained from the Ethics Committee for its publication was insufficient.

The decision to retract the article was made by the Editor-in-Chief and Authors, considering that the ethical approval document, which was unknowingly uploaded to the journal system by the authors, could lead to academic issues.

We regret any problems that this article may have caused.
